“Art is at the heart of my life. My husband is an artisan. My daughter does ballet. I play the piano. It energizes us.”

“Art makes life worth living. Creativity, expression, sharing”

“As a spoken word artist I always look for new opportunities to express myself through poetry”

“I feel that art is everywhere we look and that it isn’t focused on enough and that things that are art aren’t always considered to be art.”

“For me art is an essential! It helps me get my thoughts/feelings out in a way that words can’t.”
